O V E R V I E W

Dewsoft Solutions is a part of a putative Business Group in India engaged in various manufacturing, trading & consulting activities. With a clear focus on identified industry domains and consistency of delivery, Dewsoft has carved a niche in the IT Solutions and Services Industry.

The Company was established in 1986 in the name of "Spark" a proprietary company engaged in Interfacing, CNC Programming, EPROM programming and other CNC techniques.

Company ventured into ERP software in 1990 constituting of Sales, Purchase, Financial Accounting, Inventory Control, Quality, Product Planning & Control, Process control, Asset Management & Correspondence Management.

In 1995 the Company Developed an advance windows and web based ERP software with all advance features like Lead Management, Sales, Purchase, Financial Accounting, Inventory Control, Customer feedback, Quality, Product Planning & Control, Process control, Asset Management, Documents Management, Ware Housing & Correspondence Management.

In 1999 Spark amalgamated and merged as Dewsoft Solutions a 100% software company formed as a partnership company.

In 2001 Dewsoft Solutions was transformed to a Private Limited company i. e. 'Dewsoft solutions Private Limited' registered with the Registrar of Company, Government of India.

The Internet, deregulation, globalization, consolidation and the volatility of a global economy and factors in cross-industry convergence & mergers challenges our clients' industries, resulting in new value propositions and moneymaking formulas. We also understand how to turn them to advantage in an industry with unbounded potential.

Pledge to serve you better, will work hard to earn your confidence and would be, striving for excellence.
